Exceptions may be made for individuals who obtain entry permission for emergency or humanitarian reason 2) Transit travellers will be temporarily barred from entry <p>Entry for the following passengers is permitted:</p> <ul style="list-style-type: none"> - Holding an Alien Resident Certificate (ARC) - Obtaining entry permission for emergency or humanitarian reason - Students approved by the Ministry of Education - Foreign spouse of a R.O.C. national who have married and their respective foreign underage child <p>Exemptions:</p> <ul style="list-style-type: none"> - Residents of Taiwan - ARC holders - Diplomatic passport holders or on official business fulfilling commercial and contractual obligations - Overseas students returning from Hong Kong and Macau can apply the "Overseas Student Entry Permit Certificate" to enter Taiwan - Foreign nationals with special permission to enter - Children aged 6 or younger from the Chinese mainland who possess an R.O.C Resident Certificate may apply for entering Taiwan. Children must travel with parent(s) (the parent must possess a ROC Resident card along with a reunion entry permit) - Foreign nationals (for reasons other than tourism and regular social visits) may apply for a visa - Hong Kong and Macau residents may apply to enter Taiwan if they are entering for special humanitarian reasons or emergency situations; contractual obligations; as part of internal transfers within multinational enterprises; for commercial and trade exchanges; the spouse or child of a Taiwan national / holder of a Taiwan Resident Certificate; holding a Taiwan Resident Certificate related to employment, investment, or entrepreneurship - Students from the Chinese Mainland, Hong Kong and Macau with confirmation of 'senior high school and lower graded ones (including Junior high and primary) levels education in Taiwan, are allowed to enter Taiwan providing with the document issued by the Ministry of Education. - Students' parents can also travel with the student to enter Taiwan, providing they are travelling with a valid ROC exit/entry permit stated with the purpose as "Re-union". For more details, refer to the official site: https://www.moi.gov.tw/chi/chi_news/news_detail.aspx?sn=18541&type_code=01&pages=0&src=news - Chinese mainland spouse of Taiwan passport holder or Taiwan Resident Certificate holder, alongside a valid entry permit - non-R.O.C. nationals who wish to visit Taiwan to receive medical care may apply to visit Taiwan with their spouse or relative within third degree of kinship (2 companions in total); if necessary, they may apply to come with one healthcare worker or caregiver from the country they reside in apart from their family members. Required documents and information include the following: a health insurance certificate, an affidavit for mandatory quarantine, a health declaration document (a COVID-19 RT-PCR test report issued within three days prior to the flight schedule time), and a disease prevention plan and treatment plan issued by the medical institution treating the applicant. On behalf of the applicant, the medical institution in Taiwan shall apply to the MOHW for an entry permit for medical treatment. The applicant or the medical institution may go to the relevant authority or agency to apply for a special entry permit after obtaining the approval of the MOHW - Short-term business travelers from list of low- and medium-risk countries (applicable to Hong Kong) - Overseas students pursuing degrees and the recipients of the Huayu Enrichment Scholarship in the 2021 academic year <p>Non-ROC passengers must meet the following requirements to enter Taiwan:</p> <ul style="list-style-type: none"> - All non-R.O.C. foreign nationals (foreign nationals and people from Hong Kong, Macau, and Chinese mainland included) who hold a valid Alien Resident Certificate (ARC) are allowed entry - Foreign nationals who don't hold an ARC may apply for a special entry permit with an R.O.C. overseas mission for reasons other than tourism and regular social visits - People from Chinese mainland, Hong Kong and Macau: <ol style="list-style-type: none"> (1) People from Mainland China: they may apply to enter Taiwan if they hold an ARC; for humanitarian reasons or emergency situations (e.g. attending a funeral or visiting a severely ill relative); when they are the spouse or the underage child of an R.O.C. national; when they are the Mainland Chinese spouse or underage children of a foreign national residing in Taiwan (accompanying the foreign national); when they are students who have received approval from the Ministry of Education; when they are international health professions who have received approval from the Ministry of Health and Welfare; or when they are persons allowed entry under special programs (2) Hong Kong and Macau residents: they may apply to enter Taiwan if they hold an ARC; for humanitarian reasons or emergency situations (e.g. attending a funeral or visiting a severely ill relative); when they are the Hong Kong and Macau spouse or underage child of an R.O.C. national; to fulfill contractual obligations; as part of internal transfers within multinational enterprises; when they are students who have received approval from the Ministry of Education; when they are international health professions who have received approval from the Ministry of Health and Welfare; or when they are persons allowed entry under special programs <p>Additional entry requirements</p> <ul style="list-style-type: none"> - From 1 Dec 2020, all passengers are required to present an English/Chinese/English & Chinese bilingual-language health certificate verifying they are free of COVID-19 within 3 working days prior to departure. For details on the requirements of the certificate, please visit: https://www.cdc.gov.tw/En; starting 15 Jan 2021, proof of the place of quarantine where travelers stay to undergo quarantine must also be provided - If you are unable to provide a COVID-19 RT-PCR test result issued within three days prior to boarding, you are not subject to penalty if they fail to provide such a test result under the three circumstances listed below: <ol style="list-style-type: none"> 1) Emergency situations: e.g. for reasons including attending a funeral of a deceased first or second degree relative, visiting a first or second relative with serious illness, or seeking emergency medical treatment, you need to voluntarily make an affidavit and prepare supporting documents (a death certificate, notice of critical condition, and certificate of diagnosis etc) when checking in and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to undergo the specimen collection procedure for COVID-19 testing at your own expense 2) Arriving from a country where self-paid COVID-19 tests are not available: e.g. countries in Oceania such as Tuvalu, Niue, Fiji, and Tonga, or other countries, you need to voluntarily make an affidavit and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to undergo the specimen collection procedure for COVID-19 testing at your own expense 3) Programs managed by relevant ministries and agencies and approved by the CECC: if you travel to Taiwan for necessary and short-term official business or business purposes and has taken appropriate disease prevention measures before arrival, you need to voluntarily make an affidavit and prepare supporting documents which prove relevant authorities' approval when checking in and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to observe prevention and quarantine measures approved under the program of the ministry or agency 4) Other persons announced by the CECC <ol style="list-style-type: none"> (a) Those who have departed from Taiwan and returned within 3 days: they must provide verifying documents, such as the exit record on the inside page of the passport or the ticket stub of an exit ticket from Taiwan (those who use e-Gates services without having an exit record on their passport) (b) Children aged 0-6 years old: the passport or the document proving the date of birth of a child aged 0-6 years old shall be provided. (c) Flight cancellations resulting to overdue of RT-PCR test reports: the original ticket information of the scheduled flight and the original test report shall be provided. (d) Companions of a traveler applying for entry for emergency situations shall provide verifying documents - For more details on the above requirements, please visit https://www.cdc.gov.tw/Category/MPPage/XQ9r73gXAqEfJZV9zm6gaA# - All passengers are required to complete a health declaration form prior to their arrival - Starting 1 Jan 2021, travelers transiting through Taiwan except via Taoyuan International Airport are temporarily prohibited - For freshmen in the 2021 academic year and students who do not hold a valid visa/ residence permit/ entry permit, their school will file the necessary documents to the Bureau of Consular Affairs and the National Immigration Agency for your visa or entry and exit permits application. Students should inform their school for online submission to get the consent letter for landing after receiving the student visa, flight confirmation, and quarantine lodging booking. Students are also required to obtain a COVID-19 nucleic acid test negative report within three days before boarding <p>Quarantine policies</p> <ul style="list-style-type: none"> - Passengers who are allowed to enter will be required to undergo mandatory quarantine for 14 days - Short-term business travellers from eligible countries/regions can apply exemption for shortening the quarantine period - R.O.C. nationals and non-R.O.C. nationals with an Alien Resident Certificate (ARC) who have traveled to India in the past 14 days (those who have transited in India included) would be required to stay at group quarantine facilities and undergo COVID-19 testing after arrival in Taiwan; after testing negative, they must continue to complete a 7-day self-health management - Arriving travelers will be required to take a deep-throat saliva test and a PCR test upon arrival at an airport or a port in Taiwan and to take a quarantine vehicle to a quarantine hotel or a group quarantine facility where they plan to complete quarantine at their own expense for the 14-day quarantine after taking the tests; such travelers shall also undergo a PCR test before the end of their quarantine (between the 12th and 14th day of the quarantine period) and take a rapid home test between the 6th day and 7th day of their self-health management period. - All arriving travelers testing positive for COVID-19 will be subjected to genome sequencing. <p>Note: Key high-risk countries include: India, United Kingdom and Myanmar</p> <ul style="list-style-type: none"> -From December 14, 2021 to February 14, 2022, 14 days of quarantine and 7 days of self-health management will be maintained. The relevant measures are adjusted as follows: <ol style="list-style-type: none"> 1) For returned travellers who have visited key high-risk countries, they must stay in a centralized quarantine facility for 14 days. 2) For travellers who return from non-key high-risk countries, they can stay at the quarantine lodging for the first 10 days or at a centralized quarantine facility at their own expense, and continue the quarantine requirement at home in the next 4 days. <ol style="list-style-type: none"> (a) In a general perspective, each room in the quarantine lodging or the centralized quarantine facility should host no more than one person. However, family members and companions who arrive on the same day may choose to live together in the same room at the same quarantine lodging or in the centralized quarantine facility at their own expense, subject to their own preference. Please note that each single room should not accommodate more than two people. (b) For the 4-day home quarantine, each household should only accommodate one person. However, if the family members living in the same household have completed 2 doses of COVID-19 vaccination and are vaccinated for more than 14 days, they can live with the person who undergoes home quarantine. Those who live in the quarantine lodging together in the preceding paragraph can also live in the same room after returning home. 3) Testing measures for travellers from non-key high-risk countries: <ol style="list-style-type: none"> (a) Perform a PCR test under the current measures upon arrival (b) An additional PCR test is required on the 9th-10th day of the quarantine; the local government may arrange the test at a hospital or any suitable location according to local conditions. (c) If the test result is negative, starting on the 11th day of quarantine (arrival day + 11 days), they may take a designated quarantine taxi to return to home or residence of relatives and friends for the remaining quarantine at home on the 11th to 14th days. (d) PCR test is required 1 day before the end of the home quarantine period and followed by self-health management. The rapid home test on the 6th-7th day is no longer necessary.
