Required documents and information include the following: a health insurance certificate, an affidavit for mandatory quarantine, a health declaration document (a COVID-19 RT-PCR test report issued within three days prior to the flight schedule time), and a disease prevention plan and treatment plan issued by the medical institution treating the applicant. On behalf of the applicant, the medical institution in Taiwan shall apply to the MOHW for an entry permit for medical treatment. The applicant or the medical institution may go to the relevant authority or agency to apply for a special entry permit after obtaining the approval of the MOHW</li> <li>- Short-term business travelers from list of low- and medium-risk countries (applicable to Hong Kong)</li> <li>- Overseas students pursuing degrees and the recipients of the Huayu Enrichment Scholarship in the 2021 academic year</li> <li>- Foreign workers under a Ministry of Labor program</li> </ul> <p>Non-ROC passengers must meet the following requirements to enter Taiwan:</p> <ul style="list-style-type: none"> <li>- All non-R.O.C. foreign nationals (foreign nationals and people from Hong Kong, Macau, and Chinese mainland included) who hold a valid Alien Resident Certificate (ARC) are allowed entry</li> <li>- Foreign nationals who don't hold an ARC may apply for a special entry permit with an R.O.C. overseas mission for reasons other than tourism and regular social visits</li> <li>- People from Chinese mainland, Hong Kong and Macau:</li> </ul> <p>(1) People from Mainland China: they may apply to enter Taiwan if they hold an ARC; for humanitarian reasons or emergency situations (e.g. attending a funeral or visiting a severely ill relative); when they are the spouse or the underage child of an R.O.C. national; when they are the Mainland Chinese spouse or underage children of a foreign national residing in Taiwan (accompanying the foreign national); when they are students who have received approval from the Ministry of Education; when they are international health professions who have received approval from the Ministry of Health and Welfare; or when they are persons allowed entry under special programs</p> <p>(2) Hong Kong and Macau residents: they may apply to enter Taiwan if they hold an ARC; for humanitarian reasons or emergency situations (e.g. attending a funeral or visiting a severely ill relative); when they are the Hong Kong and Macau spouse or underage child of an R.O.C. national; to fulfill contractual obligations; as part of internal transfers within multinational enterprises; when they are students who have received approval from the Ministry of Education; when they are international health professions who have received approval from the Ministry of Health and Welfare; or when they are persons allowed entry under special programs</p> <p><b>Additional entry requirements</b></p> <ul style="list-style-type: none"> <li>- From 1 Dec 2020 until 23:59 3 Jan 2022, all passengers are required to present an English/Chinese/English &amp; Chinese bilingual-language health certificate verifying they are free of COVID-19 within 3 working days prior to departure. For details on the requirements of the certificate, please visit: <a href="https://www.cdc.gov.tw/En">https://www.cdc.gov.tw/En</a>; starting 15 Jan 2021, proof of the place of quarantine where travelers stay to undergo quarantine must also be provided</li> <li>- If you are unable to provide a COVID-19 RT-PCR test result issued within three days prior to boarding, you are not subject to penalty if they fail to provide such a test result under the three circumstances listed below:             <ol style="list-style-type: none"> <li>1) Emergency situations: e.g. for reasons including attending a funeral of a deceased first or second degree relative, visiting a first or second relative with serious illness, or seeking emergency medical treatment, you need to voluntarily make an affidavit and prepare supporting documents (a death certificate, notice of critical condition, and certificate of diagnosis etc) when checking in and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to undergo the specimen collection procedure for COVID-19 testing at your own expense</li> <li>2) Arriving from a country where self-paid COVID-19 tests are not available: e.g. countries in Oceania such as Tuvalu, Niue, Fiji, and Tonga, or other countries, you need to voluntarily make an affidavit and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to undergo the specimen collection procedure for COVID-19 testing at your own expense</li> <li>3) Programs managed by relevant ministries and agencies and approved by the CECC: if you travel to Taiwan for necessary and short-term official business or business purposes and has taken appropriate disease prevention measures before arrival, you need to voluntarily make an affidavit and prepare supporting documents which prove relevant authorities' approval when checking in and sit in a designated area on the flight as arranged by the airline; upon arrival, you will need to observe prevention and quarantine measures approved under the program of the ministry or agency</li> <li>4) Other persons announced by the CECC                 <ol style="list-style-type: none"> <li>(a) Those who have departed from Taiwan and returned within 3 days: they must provide verifying documents, such as the exit record on the inside page of the passport or the ticket stub of an exit ticket from Taiwan (those who use e-Gates services without having an exit record on their passport)</li> <li>(b) Children aged 0-6 years old: the passport or the document proving the date of birth of a child aged 0-6 years old shall be provided.</li> <li>(c) Flight cancellations resulting to overdue of RT-PCR test reports: the original ticket information of the scheduled flight and the original test report shall be provided.</li> <li>(d) Companions of a traveler applying for entry for emergency situations shall provide verifying documents                     <ul style="list-style-type: none"> <li>- For more details on the above requirements, please visit <a href="https://www.cdc.gov.tw/Category/MPage/XQ9r73gXAgEfuJZV9zm6gaA#">https://www.cdc.gov.tw/Category/MPage/XQ9r73gXAgEfuJZV9zm6gaA#</a></li> </ul> </li> </ol> </li> </ol> </li> <li>- All passengers are required to complete a health declaration form prior to their arrival</li> <li>- Starting 1 Jan 2021, travelers transiting through Taiwan except via Taoyuan International Airport are temporarily prohibited</li> <li>- For freshmen in the 2021 academic year and students who do not hold a valid visa/ residence permit/ entry permit, their school will file the necessary documents to the Bureau of Consular Affairs and the National Immigration Agency for your visa or entry and exit permits application. Students should inform their school for online submission to get the consent letter for landing after receiving the student visa, flight confirmation, and quarantine lodging booking. Students are also required to obtain a COVID-19 nucleic acid test negative report within three days before boarding</li> <li>- Starting 00:00 on 4 Jan, 2022 (departure date), 2-day period (excluding the flight date) of a COVID-19 RT-PCR test report is required for inbound passengers prior to the flight's scheduled departure time. Inbound passengers must also provide proof of quarantine residence; please go to <a href="https://www.cdc.gov.tw/Bulletin/Detail/_VRX4ciyxXBAZZrWlce-FQ?typeid=9">https://www.cdc.gov.tw/Bulletin/Detail/_VRX4ciyxXBAZZrWlce-FQ?typeid=9</a> for more information (Website in Chinese only)</li> </ul>
	<p><b>Quarantine policies</b></p> <ul style="list-style-type: none"> <li>- Passengers who are allowed to enter will be required to undergo mandatory quarantine for 14 days</li> <li>- Short-term business travellers from eligible countries/regions can apply exemption for shortening the quarantine period</li> <li>- R.O.C. nationals and non-R.O.C. nationals with an Alien Resident Certificate (ARC) who have traveled to India in the past 14 days (those who have transited in India included) would be required to stay at group quarantine facilities and undergo COVID-19 testing after arrival in Taiwan; after testing negative, they must continue to complete a 7-day self-health management</li> <li>- Arriving travelers will be required to take a deep-throat saliva test and a PCR test upon arrival at an airport or a port in Taiwan and to take a quarantine vehicle to a quarantine hotel or a group quarantine facility where they plan to complete quarantine at their own expense for the 14-day quarantine after taking the tests; such travelers shall also undergo a PCR test before the end of their quarantine (between the 12th and 14th day of the quarantine period) and take a rapid home test between the 6th day and 7th day of their self-health management period.</li> <li>- All arriving travelers testing positive for COVID-19 will be subjected to genome sequencing.</li> </ul> <p>Note: Key high-risk countries include: India, United Kingdom and Myanmar</p> <ul style="list-style-type: none"> <li>- From December 14, 2021 to February 14, 2022, 14 days of quarantine and 7 days of self-health management will be maintained. The relevant measures are adjusted as follows:             <ul style="list-style-type: none"> <li>- Plan A: Stay in a quarantine lodging to complete the quarantine period for 14 days and continue independent health management for 7 days.</li> <li>- Plan B: "10 days staying in quarantine lodging + 4 days home-quarantine + 7 days independent health management":                 <ol style="list-style-type: none"> <li>(1) Incoming Visitors: Check in the quarantine lodging in the first 10 days (day 0-10 from entry date), and conduct 1 PCR test on the 9th and 10th day of the quarantine. After the test result is shown negative, individual can return home on the 11th day and proceed to the home quarantine in the following 4 days (day 11-14 from entry date). A PCR testing will be carried out one day before the expiration of the quarantine period. If the test result is negative, the quarantine list will be lifted after the quarantine completion date, and independent health management will continue for 7 days.</li> <li>(2) Home-quarantine is based on the principle of one person per household, that is, the household can only be accommodated by the individual being quarantined. However, for all family members (non-home quarantined) who have completed 2 doses of vaccination, they can live in the same household under the principle of 1-person-1-room.</li> </ol> </li> <li>- Plan C: "7 days self-paid quarantine in a centralized quarantine facilities or quarantine lodging + 7 days home-quarantine + 7 days independent health management". Note that the type of vaccine must be listed in the World Health Organization Emergency Use List (WHO EUL) or under Taiwan's approved emergency authorization for use or Project manufacturing:                 <ol style="list-style-type: none"> <li>(1) Incoming Visitors: Two doses of COVID-19 vaccinations must be completed and exceeded 14 days when entering Taiwan. Individuals will be quarantined at the centralized quarantine facilities or the quarantine lodging in the first 7 days (days 0-7 from entry date) at their own expense. A PCR test will be conducted 1 day before the quarantine completion date. If the test result is negative, you can return home the next day to complete the follow-up home quarantine for the 8th-14th days. On the 10th day, you will need to undergo a self-paid quick home screening COVID test. A PCR will be performed again 1 day before the quarantine period ends. If the test results are negative, the quarantine list will be lifted after the completion date, and independent health management will continue for 7 days.</li> <li>(2) The 7-day home quarantine is based on the principle of one person per one household, that is, the household can only be accommodated by the individual being quarantined. However, if you have to choose one person per one room, the conditions and cooperation items of the same family (non-home quarantined) are as follows:                     <ol style="list-style-type: none"> <li>(a) Two doses of COVID-19 vaccination must be completed and exceeded 14 days.</li> <li>(b) Family members living in the same household (non-home quarantined) will perform an "enhanced independent health management" on the 8th-14th days of the home-quarantine individual's quarantine, an "independent health management" on the 15th-21st days, and the local government will issue a notice.</li> <li>(c) Family members who live in the same household (non-home quarantined) will be conducting a self-paid quick home screening COVID test on the 10th and 14th days of home quarantine.</li> <li>(d) Take an at-home rapid test on the 10th day of quarantine using a home test kit and report the test result to personnel responsible for follow-up care, undergo a PCR test before the end of the 7-day home quarantine period (Day 13-14), and take an at-home rapid test using a home test kit on the sixth or seventh day of the self-health management period (Day 20-21) after the end of the quarantine period with a text message included the test result.</li> </ol> </li> </ol> </li> </ul> </li> </ul>

Thailand	<p><b>Entry restrictions</b></p> <p>Passengers are permitted to enter Thailand if they are one of the following categories:</p> <ul style="list-style-type: none"> <li>- Thai nationals</li> <li>- Persons with exemption or persons being considered, permitted, or invited by the Prime Minister, or the head of responsible persons accountable for resolving state of emergency issues to enter, pertaining to necessity*</li> <li>- Persons on diplomatic or consular missions or under international organisations, or representatives of foreign governments performing their duties in Thailand, or persons of other international agencies as permitted by the Ministry of Foreign Affairs pertaining to necessity, including their spouse, parents, or children (Quarantine Required)*</li> <li>- Carriers of necessary goods, subject to immediate return after completion</li> <li>- Crew members who are required to travel into the Kingdom on a mission and have a specified date and time for return<sup>^</sup></li> <li>- Non-Thai nationals who are a spouse, parents, or children of a Thai national<sup>^A</sup></li> <li>- Non-Thai nationals who have a certificate of residence, including their spouses and children<sup>^A</sup></li> <li>- Non-Thai nationals who have a work permit or have been granted permission to work in Thailand in accordance with Thai laws, including their spouses and children, or foreign workers who have been granted exemption from the government to temporarily stay in Thailand and permitted to work through their employers or licensees who are permitted to bring in foreign workers to work in the Thailand<sup>^A</sup></li> <li>- Non-Thai nationals who are students of educational institutions approved by Thai authorities, including the parents or guardians of the students, except for students of Non-formal educational institutions under the law on private schools and of other similar private educational institutions<sup>^A</sup></li> <li>- Non-Thai nationals who are in need of medical treatment in Thailand, and their attendants.
